PIERRE-MARIE CHERMETTE (DOMAINE DU VISSOUX) (*Beaujolais*)

Beaujolais Pierre Chermette 🍷 £ The remarkable consistency and value of Chermette's low-sulfur wines begins with this refreshing, lightweight, yet concentrated essence of salt- and chalk-tinged tart cherries with their pits and flowers.

Beaujolais Vieilles Vignes Cuvée Traditionnelle 🍷 ££ Surprisingly dark in color for a wine so light in body (at 11.5% alcohol), this is loaded with red and black fruits and flowers, accented with citrus-rind pungency and saline minerality, and displays a kinetic inner intensity that will leave your palate refreshed and invigorated.

Brouilly Pierreux 🍷 £££ With mouthwatering black and blue fruits distinctly tinged by fruit pits, smoked meat, chalk, and a medicinal iodine note, this formidably concentrated wine never forgets its duty to refresh.

Fleurie Les Garants 🍷 £££ This gripping yet mouthwatering Fleurie typically possesses distinctively fine-grained tannin amid palate-staining cassis, plum, bitter fruit pit, tactile cinnamon spice, salt, and stone.

Fleurie Poncié 🍷 £££ Smelling intensely of fresh black raspberry and cassis, along with hints of wood smoke and salt spray, this is positively palate staining in its intense berry concentrate laced with saline, stone, iodine, and peat.
